

Archaeological Field Director (IP/SAB)

Ecofor Consulting Ltd. is a natural and cultural heritage resource management company with a team of over 50 professional and technical employees. Ecofor has offices in Fort St. James, Fort St. John, Prince George, Calgary, Edmonton and Whitehorse. We provide expertise in a broad range of disciplines including fisheries and aquatics, wildlife, vegetation and riparian, soils and terrain, hydrology, reclamation and enhancement, environmental monitoring, environmental assessment, contaminated sites, land use planning, archaeology, traditional land use, traditional ecological knowledge, heritage consultation, and socio-economic assessment.

Ecofor is currently seeking seasonal **Field Directors** (approximately eight-month position) to join our team in Prince George and Fort St. John, BC.

Key Responsibilities:

- Identify and record areas of archaeology potential and identify archaeological sites.
- Collect data, ensure accuracy and quality of data, and complete data management.
- Lead field reconnaissance, archaeological impact assessments for oil and gas, forestry, transportation and other industries.
- Supervise field crews during Systematic Data Recovery (excavation) for the Fort St. John location.
- Archaeological monitoring.
- Write and edit interim reports and site forms.
- Supervise field crews, review fieldwork and coordinate with Project Managers; and,
- Participate in Ecofor's Health, Safety and Environmental Program.

Required Qualifications:

- An undergraduate degree in Archaeology or Anthropology.
- Field Director certification in the Sub-Arctic Boreal culture region for the Fort St. John location and Interior Plateau culture region for the Prince George location.
- Experience with artifact identification, analysis and artifact cataloguing.
- Experience in mapping, pedestrian survey, subsurface testing, excavation, data collection, field note taking and laboratory experience.
- Experience in Cultural Resource Management.
- Knowledge of Oil and Gas regulations for the Fort St. John location.
- Excellent writing and communication skills, desire to grow business, and work closely with other environmental professionals, environmental discipline leads, and First Nations.
- Experience using handheld GPS units, mapping software, Microsoft Office Suite, and Adobe software.
- Willing to travel for work and stay in remote camps for shifts of 10 days or more; and,
- Physically able to do strenuous field work.
- Able to work in a strong safety culture; and,
- Must possess a valid driver's licence.

Desired Qualifications:

- Field Director certification in the Interior and Sub-Arctic Boreal culture regions preferred for the Prince George location.
- Experience writing interim reports and site forms; and,
- Certification in H2S Alive, Ground Disturbance IRP-17, and ATV and/ or UTVs operation.

Job ID Numbers:

2018-003 Archaeological Field Director (SAB) - Fort St. John, BC.

2018-004 Archaeological Field Director (IP/ SAB) - Prince George, BC.

Please send your resume and cover letter to: careers@ecofor.ca by **February 28, 2018**. Please include the **Job ID number(s) you are applying for in your cover letter/ resume**. We wish to thank everyone for their interest in Ecofor; however, only those selected for an interview will be contacted.
